OLFACTIVE PROFILE

●● Olfactive family

Animalic

↷ Odor description

This animalic specialty is warm and diffusive with tonkin musk aspects (No animal products). The soft leather note is emphasized and the total effect is more delicate.

% Suggested Usage

Up to 4%

+ Impact

Mostly used in fine fragrance, it's highly substantive and also acts as an excellent fixative product.

★ Great combinations

It blends very well in all perfumes especially in opulent flowers like tuberose and peony, agarwood, leathers and sandalwood.

♥ Why we love it

It was used in a famous Yves Saint Laurent's masculine perfume in the 80's.
